

## Upgrade Guidance for HD Cameras

This firmware is for HD cameras: FI9903P. Please check your camera model on the sticker of the camera (different versions of one model share same firmware). Updating with the wrong firmware could severely damage and/or brick your camera. Please make sure the firmware is correct.

**Note:**

System firmware 1.8.1.9, application firmware 2.x.1.52 **can** upgrade to this version.

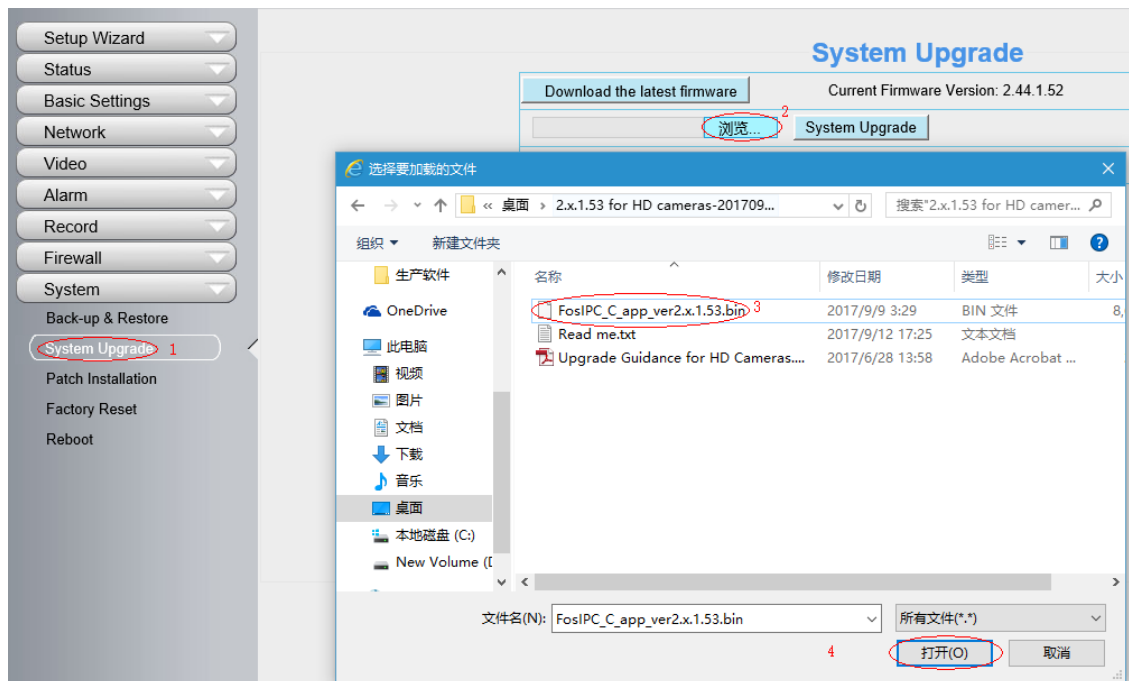

**Preparation before upgrading:**

1. Please restart your camera before the upgrading;
2. Connect camera to router with an Ethernet cable before upgrading;
3. DO NOT upgrade firmware via wireless;
4. DO NOT upgrade firmware over internet, just finish it in LAN;
5. Keep power on during the upgrading;
6. Logging your camera as administrator first, upgrade firmware on web page.
7. Suggest to unplug SD card before upgrade.

**Upgrade the Firmware:**

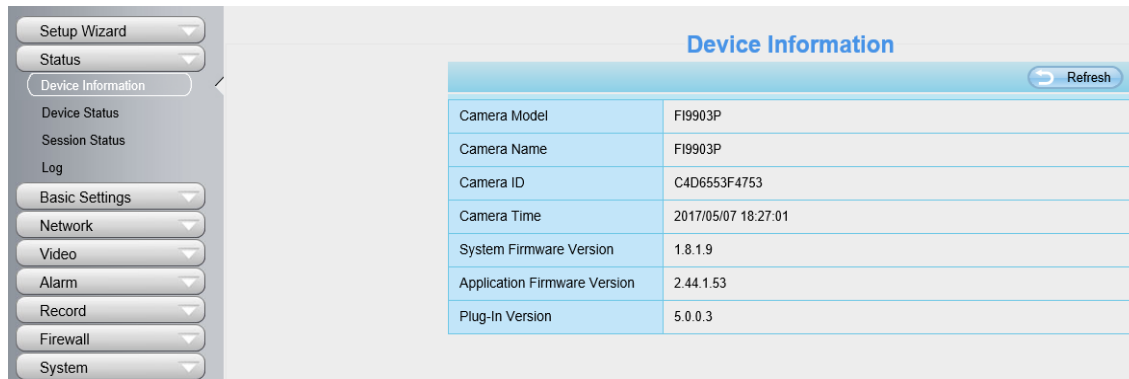

**Step 1 :** Login your camera, go to **Settings-->System-->System Upgrade**.

Click Browse/Choose File, find the file **FosIPC\_C\_app\_ver2.x.1.53.bin** you've extracted in your local hard driver, then click Open. Camera will upgrade after you click on

**Note:** When “Upgrading, do not power off ... Xs” pop up, camera IP will disappear from the Equipment Search Tool. Then camera will reboot itself, DO NOT power off the camera, please wait till the camera IP reappear in the Equipment Search Tool.

**Step 2:** Login again to check if the **Application Firmware Version** and **Plug-In Version** upgrade correctly.

The screenshot shows the Foscam web interface. On the left is a sidebar menu with options: Setup Wizard, Status, Device Information (selected), Device Status, Session Status, Log, Basic Settings, Network, Video, Alarm, Record, Firewall, and System. The main area is titled 'Device Information' and contains a table with the following data:

Device Information		Refresh
Camera Model	FI9903P	
Camera Name	FI9903P	
Camera ID	C4D6553F4753	
Camera Time	2017/05/07 18:27:01	
System Firmware Version	1.8.1.9	
Application Firmware Version	2.44.1.53	
Plug-In Version	5.0.0.3	

**Note:**

You'd better re-install the plug-in if it did not upgrade;

**Congratulations**, your camera successfully upgraded to the latest firmware!

**End**
