

Patch Upgrade Guidance for FI9828P V2

This patch is only suitable for HD camera FI9828P V2.

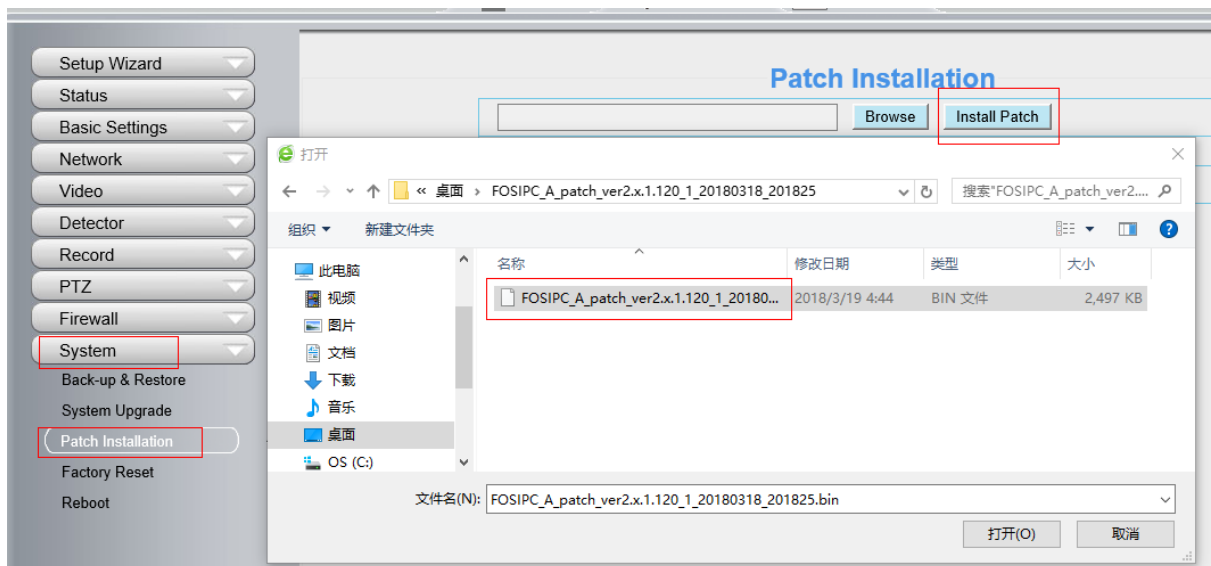

Note:

System firmware 1.4.1.10 and application firmware 2.x.1.133 **can** upgrade with this patch.
If your cameras has other firmware version, please upgrade to the correct firmware version first.

Preparation before upgrading:

1. Please restart your camera before the upgrading;
2. Connect camera to router with an Ethernet cable before upgrading;
3. DO NOT upgrade firmware via wireless;
4. DO NOT upgrade firmware over internet, just finish it in LAN;
5. Keep power on during the upgrading;
6. Unplug the SD card before upgrading;
7. Logging your camera as administrator first, upgrade firmware on web page.

Step: Please log in the camera and go to Settings→System→Patch Installation to upgrade with this patch.
